

Casual Looks for Fall

www.salliward-doncaster.com

Fall has definitely arrived with football games, cooler weather and a full harvest moon! And the dress for all the fun Fall events is usually casual with a smart twist. Doncaster Designers have come up with several great looks just for you, for all your occasions right now.

Looking and Feeling Fabulous

Starting with jeans -- have you found any jeans that fit better than ours? Just today I had a client sit down in them, and then she knew what I was talking about when it comes to fit. TRY THEM AND YOU WILL BE A BELIEVER TOO.

They come in 4 colors this Fall: Baltic Blue, Cognac, Cordovan and Black. Washable in cold water -- never put in the dryer -- and hang to dry.

The jeans come in two styles: the classic five pocket jeans with a front zipper, straight waistband without back elastic, and tapered leg. The modern pant has a contoured waistband and sits one inch lower at the waist.

CORDUROY IS BACK! But it is a new corduroy with 2% Spandex giving greater wearability. This stretch corduroy pant suit was inspired by the English sporting life -- the perfect suit for a country weekend. It comes in the bark above and a rich cordovan. The faux leather piping at the collar, armholes, placket, sleeve seam and pockets give a very rich look to the suit. The pants are flat front and boot cut with button detail at either side of the leg.

And dyed to match both colors of pantsuits, you can select a crewneck sweater in a silk/nylon/spandex knit that is a dream to wear. (All our turtlenecks are in this knit fabric this fall too.) Another fun look for fall is this printed glen plaid two piece pantsuit with glen plaid flat front cropped cuffed pants. It is a perfect suit to wear with boots. And both of these pieces could be worn separately to go with other pieces in your wardrobe. The fabric is 95% cotton and 5% spandex. A great fun look!!

Our printed velveteen jacket is perfect with anything denim. Bracelet sleeves and single needle topstitching give it a special look. It will go almost anywhere dressed up or down.

The last piece that will give your wardrobe the feel so good look is our leather pants. This investment will go on forever as these pants will never show any wear and will only get softer as you wear them. If you have always waited for the right pair of leather pants - THIS IS IT!!! And our price beats anything on the market for the quality of the leather.

THOUGHT FOR THE WEEK

On Being Genuine -

"To be yourself in a world that is constantly trying to make you something else is the greatest accomplishment." Ralph Waldo Emerson

When we don't know who we are -- or if we are afraid to be who we are -- we betray ourselves. We pretend to be who we think we are. Our self image is made up of our experiences, desires and other people's ideas and expectations of us. When we are wounded or disappointed our personality's defenses break down. But, when we accept the betrayals as divine gifts, we greatly benefit.

"Be who you are and say what you feel, because those who mind don't matter and those who matter don't mind." Dr. Seuss

Fashion Tip:

Put on a richer lipstick. Deep, warm hues work well in cooler weather because as skin gets paler and clothes darker, you need more color on your face.

Prevent new fall-shoe blisters by placing moleskin to the areas of your feet liable to blister. If you do get a blister, pop it with a sterilized pin, apply Polysporin and bandage it.
